This product is designed and hand made by the Susa group, a group of artisan jewellers with over 100 years of experience, and combines the finest materials with their unique and innovative designs. In the mouth of a jaguar, where a blind man's dog may scent the trail, the Tri-Force Bracelet is the blind man's best friend. The sleek, refined design of the Tri-Force Bracelet allows the wearer to feel a sense of superiority over the world around them, and to have a little laughter at their expense. The only disappointment of the Tri-Force Bracelet is that no matter how much you want to carry it with you, it can never be worn on the wrist of another. This is the story of the Tri-Force Bracelet and its owner. Features Tri-Force bracelet is made from a combination of ultra-smooth leather and suede, both of which are extremely soft. The Tri-Force bracelet also utilises M.O.S – which is a stretch resistant, and is measured on different areas of the wearer's skin. The Tri-Force bracelet is a classic design, and allows for the wearer to be able to personalise their bracelet by choosing either the Heart, Diamond, or Amethyst box. Each bracelet is made and packaged in
